Requirements for Opening a Reseller Account

Please be sure to make an appointment for NEW account set-ups. This will ensure that you receive the best customer service.

Requirements: UBI (business license number) is mandatory to open a wholesale business account. You must hold a current license as an esthetician, cosmetologist, massage therapist or other approved practitioner.

WITH RESELLER PERMIT (applies to WA state): Initial \$500 opening order before tax at reseller price level. Opening order must have a mix of professional sizes for client treatment and retail sizes for resale.

WITHOUT A RESELLER PERMIT (applies to WA state): The initial \$500 opening order will be charged at the non-reseller price level. Subsequent orders will be charged at the reseller price level.

There is a minimum \$150.00 cumulative monthly order to maintain reseller status. You will need to sign our Reseller policy and internet policy forms.

You must retail Euro Botanicals and/or Clinicals products and carry these product lines in inventory for resale and use in client treatment.

Having a business license alone does not qualify for a reseller discount.

Benefits & Discounts:

- 50% discount given on retail and professional products.
- Free product reference manuals with opening order.
- Free shipping on orders over \$300.

Please Note: All returns or exchanges must be accompanied by a receipt. Prices are subject to change without notice.

Privacy Policy: When you use our Products or Website, you may be asked for personally identifiable information such as your name, address, email address, and telephone number. By giving us such information, you will need to consent by using it in the manner described in this policy. You may withdraw your consent at any time by emailing us at info@euroskinsource.com. We will return or destroy your personal information within five days of receipt of your withdrawal of consent.

All security on our website and in our computer system is treated seriously. Where applicable, we undertake security steps, including use of SSL technology, on our back-end systems that store customer account information and to protect data transmissions. However, this is not a guarantee that such data transmissions cannot be accessed, altered, or deleted due to firewall or other security software failures.
